Website: www.cput.ac.za

Registration Form: <https://forms.office.com/r/FHyM4Us3PC?origin=lprLink>

Campus Tour Video: <https://www.cput.ac.za/about/visit/tour>

As the only university of technology in the Western Cape, **Cape Peninsula University of Technology (CPUT)** offers a dynamic and innovative environment situated in one of South Africa's most iconic urban and coastal landscapes. We invite international delegates to experience a tour of our major campuses, including our historic District Six Campus in Cape Town and the state-of-the-art Bellville Campus.

The campus tour will offer participants a unique opportunity to engage with CPUT's transformative vision for technology-driven education, innovation hubs, sustainable design initiatives, and community-engaged research. Delegates will visit key faculties, innovation centers, and architectural landmarks, while interacting with leadership, students, and researchers actively shaping the future of African higher education.

Delegates are encouraged to indicate specific areas of interest in the registration form—whether that be in health and wellness sciences, engineering, applied sciences, education, or innovation and partnerships—so we can tailor the experience to meet the expectations of our international partners.

We look forward to welcoming you to the heart of Cape Town's innovation landscape.
